

Ecotourism Melanesia

Discover Papua New Guinea and Solomon Islands

EM16 - DISCOVER TUFU PACKAGE FOR INDEPENDENT TRAVELLERS

4 nights ex-Port Moresby (2 nights Tufu Dive Resort, 2 nights village guest house)
Monday departures only.

The Tufu district of Oro Province is famous for its Nordic-type fjords. The breathtaking topography is dominated by some 25 fjords which penetrate deep into the coastal landscape. Many of the fjords feature sheer basalt cliffs. There are numerous white sandy beaches perfect for swimming, and pristine fringing reefs offer excellent snorkelling. The water clarity is stunning and scuba diving is a major attraction for visitors to the area. The world's largest butterfly, the Queen Alexandra Birdwing, can be found in most sweet potato gardens in the Tufu area.

The people of the Tufu area have a rich cultural heritage that is nurtured and treasured. One of the most memorable experiences for visitors is witnessing a sing-sing featuring bare-chested dancers with intricate facial tattoos, adorned with traditional tapa (bark) cloth and spectacular coloured feather headdresses.

Village people in the Tufu district are experienced at hosting visitors in village guest houses for hiking, fishing and skin diving experiences. Hiking of moderate difficulty can be enjoyed in the Tufu area at a leisurely pace. Typical daily activities at village guest houses in the Tufu area include swimming, snorkelling, line fishing or spear-fishing, exploring the fjords and mangrove labyrinths by paddling outrigger canoes, or relaxing in the shade on the beach. A map of the Tufu area can be found on our website Tufu page.

Tufu Dive Resort is a small, boutique dive resort that offers a range of aquatic activities including scuba diving (if you have your scuba ticket), snorkelling, fishing and kayaking, as well as hiking, village tours and bird-watching.

This 4 night itinerary can commence any Monday morning and can also be extended by an extra 3 nights to the following Monday if desired (scheduled flights to Tufu only operate on Mondays, Wednesdays and Fridays).

Tour cost includes all airfares, accommodation, meals, transfers, guides and village-based activities (except where stated). BYO snorkelling gear. Additional activities at Tufu Dive Resort (diving, organised fishing trips, organised village trips etc) are pay-as-you-go.

PACKAGE COST:

| Group of 1 | Group of 2* | Group of 3** | Group of 4+* |
|------------|-------------|--------------|--------------|
| PGK 4950 | PGK 3464 pp | PGK 3474 pp | PGK 3271 pp |

- Snacks and bar drinks at Tufi Dive Resort
- Excess baggage charges

ITINERARY

DAY 1: Monday

PORT MORESBY / TUFU DIVE RESORT

0430 Check in at Port Moresby airport.

0600 Depart Port Moresby on Airlines PNG scheduled flight to Tufi

0700 Arrive Tufi airfield, Tufi Dive Resort staff will meet you on arrival. Short walk from the airfield to the resort.

0730 Have breakfast at Tufi Dive Resort.

0830 Full day scuba diving, snorkelling or other activities ex-Tufi Dive Resort. If you are a diver, you should be able to fit in two boat dives today and possibly a night dive. Scheduled morning and afternoon boat dive trips operate every day; snorkellers can also tag along to some of the dive sites if there are suitable shallow water reefs. There is also a very good house reef just near the wharf, suitable for both diving and snorkelling. If you are not an aquatic person, you may prefer to take a stroll around the Tufi government "station", meeting the locals and soaking up the laid back rural town atmosphere. There are about 50 houses, a couple of little shops and a few provincial government offices. Only the resort has electricity. You can also spend the day hiking around the spur (rim) of the main Tufi Fjord, passing through local villages, or just relaxing at the resort which has a fully stocked bar and plenty of comfortable chairs with panoramic views and wickedly refreshing sea breezes. There is also a small freshwater swimming pool and a great little library of books and videos.

All organised activities at Tufi Dive Resort are on pay-as-you-go basis.

Overnight Tufi Dive Resort (standard bungalow, twin share basis, includes main meals)

DAY 2: Tuesday

TUFU DIVE RESORT

A second full day at Tufi Dive Resort. Pursue activities of your choice, pay as you go.

Overnight Tufi Dive Resort (standard bungalow, twin share basis, includes main meals)

DAY 3: Wednesday

VILLAGE GUEST HOUSE

This morning after breakfast Tufi Dive Resort will transfer you by speed boat to a village guest house where you will spend two nights enjoying the beach, snorkelling the reefs, paddling the fjords and soaking up the village

atmosphere.

NOTES ON VILLAGE GUEST HOUSES AROUND TUFU

There are a number of village guest houses that we book for our EM16 packages. In terms of scenery, access to good snorkelling, type of food served, and standard of accommodation they are all much the same. However there are slight variations in their setup and locations which may make one location more suitable than another for your particular group size and interests. Accordingly you are welcome to specify one of the following guest houses or otherwise we will allocate your booking in turn so as to balance the number of bookings allocated to each guest house over time.

Bauwame Village Guest House - sturdy guest house on a windy hill with 270 degree panoramic views of the Tufu coastline and Amuian Fjord. No beach in front of guest house but very good snorkelling reef, big fjord to explore, tiny offshore island a short paddle away has beach and palm trees. Small village behind guest house, opportunity to enjoy a sing-sing. 24-hour wind makes it a cool spot. Be prepared to huff and puff for 10 minutes to get up the hill to the guest house.

Tainabuna Village Guest House - located right on a private shady beach with overhanging trees, quiet shallow inlet great for learning how to paddle a canoe. Guest house is quiet and private: has multiple rooms but usually no other guests staying apart from you. No nearby village - owner's house 5 mins paddle away - so not much opportunity to interact with locals except at the nearby spring where people come to collect drinking water.

Garewa Beach Hut - small beach hut suitable for up to 4 people, quiet and private, no village nearby only the caretaker's house a discreet distance away. Separate dining hut where meals are served.

Jebo Village Guest House - located in a large village, plenty of interaction with locals (play volleyball, enjoy a sing-sing), stunning beach just 5 mins walk away, good reef, scenic hiking, bird of paradise nesting spot 1 hour walk from guest house. Butterflies galore.

Siu Village Guest House - accommodation in bungalows located on a point overlooking the sea but have to paddle or walk 10 mins to get to nearest beach and snorkelling. Scenic inland hikes. Nice village with several guest houses, friendly people.

At each of these village guest houses, accommodation is in local-style huts or bungalows, or private rooms within a large local-style house. None of these guest houses are built with modern building materials or roofing iron - everything is local-style. Bedding is provided in the form of a mattress with clean sheets and pillow, and a mosquito net. In general, guest house rooms have either a single bed or twin beds. A few have double beds. Toilets are located in pit latrine outhouses. Bathing takes places either in a nearby stream or in an outdoor bathroom which may have running water from a rainwater tank or may have a 44-gallon drum that is topped up manually by the guesthouse caretaker and you can use a small dish or bowl to scoop water from this drum over yourself.

Meals are local-style and feature seafood, chicken and sometimes pork with generous helpings of fresh local vegetables and fruit. In the evening they usually prepare a "mumu" dinner of freshly caught fish or lobster and other seafoods wrapped in banana leaves with ginger root and coconut milk and

ECOTOURISM MELANESIA LTD

E-mail ecomel@online.net.pg • Website www.em.com.pg

baked under hot stones with vegetables.

Breakfast is usually village scones or pancakes with billy tea. Lunch is usually local greens and sweet potato or yam cooked in coconut milk with some fresh fish or lobster, with fruit on the side.

If you are staying in a guest house with a village attached, a traditional sing-sing performance will take place on the night you arrive, to welcome you. This will be a vibrant display of colourful feathers and tapa cloth accompanied by harmonious singing and the beating of hand drums covered with lizard skin. A gratuity for the village people in appreciation of the sing-sing welcome is already included in your package. Usually the gratuity we give is donated to the village church, school or women's group.

As part of your package, each day the village guest house operator will provide for you:

- 3 main meals
- supplies of tea and coffee with a thermos of hot water on standby
- supplies of cool drinking water and fresh coconut juice
- supplies of bananas, pawpaw, pineapple etc for between meal snacks
- an outrigger canoe for you to paddle yourself around, with or without a guide to assist with paddling
- access to beach for walking and swimming, and reef for snorkelling
- a guide available for hiking, walking around the village etc
- opportunities to accompany village people on routine activities like fishing, gardening etc if you would like to do so.

If you request additional organised activities, such as a fishing expedition that requires a motor boat, a village culture demonstration such as sago making or facial tattooing, you may be asked to pay an extra fee for this because it may require the involvement of people outside the village guest house owner's family, who will expect a gratuity for their time.

DAY 4: Thursday

VILLAGE GUEST HOUSE

Second day at the village guest house.

DAY 5: Friday

VILLAGE GUEST HOUSE / PORT MORESBY

Third day at the village guest house.

After lunch, if you are within an hour's paddling distance of Tufi, you will be paddled by outrigger canoe to Tufi Dive Resort to check in at 3.30pm for your flight to Port Moresby. If you are further away than this, a speed boat will be arranged to transfer you.

1610 Airlines PNG flight departs Tufi for Port Moresby.

TRIP NOTES:

1. **Wet weather.** Tufi is subject to regular rainfall even during the dry season (April to November), though most rain falls at night. If the weather is wet during your stay you may not be able to complete all the activities described in this itinerary.
2. **Bedding.** The village guesthouses will provide clean bedding for you. Alternatively you may choose to bring your own tropical sleeping bag or a bed liner of the type used at youth hostels, or an empty quilt cover that you can sleep inside. Your sleeping bag or sheet will also protect you from mosquitoes although mosquito nets are also provided at the village guesthouses.
3. **First aid.** On request, Ecotourism Melanesia will provide you with a tropical first aid kit to take with you to Tufi and return to us afterwards. This will include emergency treatment for malaria, anti-diarrhoea medication and oral rehydration salts, topical antibiotic, wound dressings, bandages.
4. **Bathing.** At the village guest houses you have the option of bathing Asian-style by scooping water over yourself from a drum of water inside a closed-off outside bathroom, or walking down to the stream and bathing with your clothes on, usually in front of other people. Males may bathe in shorts, ladies should bring a sarong or quick-dry shorts and top to wear for bathing.
5. **Guides and helpers.** While staying in the villages and going on hikes, you will be accompanied most of the time by a village guide or helpers arranged by the operator of the village guest house. These guides / helpers are often your host's own family members. Your guides/helpers will show you around, paddle the canoe for you, help you communicate with any village people who don't speak English, and accompany you on hikes and walks. There is no need for you to make any direct payment to these guides and helpers as they are paid a daily fee by the operator of the village guest house. However if you wish to reward exceptional service from a particular individual you are welcome to do so (ie pay a tip) but please be discreet so as not to cause disputes. If a guide or helper asks you for a gratuity you should politely say that you will talk to the guest house operator about it first. If you would like to take any gifts to the villages, clothing is the best type of gift to take because clothing is difficult to obtain in the rural areas. Large size T-shirts are a sure bet as they can be given to both males and females of various builds. Other suitable gifts include caps, small flashlights, soap, cooking spices and pens and pencils for the children to use in school.
6. **Food.** Most of the food that will be offered to you at the village guest houses will be freshly harvested vegetables and seafood, possibly some chicken or pork. If you are a fresh food fan, you will be very happy. There is no electricity in the villages and leftover food is given to the village animals at the end of the day and not kept for the next day. If you feel the village diet may be too bland for you, you are welcome to bring additional favourite food items with you - village people will not be offended. Dehydrated packet pasta, tinned meats, baked beans etc that you bring with you can be prepared for you by your hosts and served with your meal.
7. **Drinking water** in the villages comes from clean fjord springs and is safe to drink. If you have any concerns you can ask your hosts to boil and cool water for you to drink, or drink only coconut juice which is abundant.
8. **Safety.** There is only a very basic government clinic at Tufi. If you fall critically ill, a charter flight must be arranged to evacuate you, at an approximate cost of PGK 7,000. If a decision is made to evacuate you, either you or your medical/travel insurer will be responsible for the cost of this exercise. Accordingly we strongly advise that you take out medivac insurance cover for the duration of your tour. Most of the villages around Tufi now have VHF radio contact with the Tufi Dive Resort and can call for help in an emergency.
9. **Malaria.** Malaria is prevalent in all parts of Papua New Guinea including Tufi. If you have recently arrived in the country you are unlikely to fall ill with malaria during your week at Tufi because the incubation period for malaria is a minimum of seven days after you are bitten by the mosquito. We recommend taking malaria prophylaxis during your visit to PNG and we recommend that you carry a course of presumptive treatment with you to Tufi. On your return home, you should immediately suspect malaria if you feel unwell in any way, and be sure to inform your doctor that you have been in a malarial area.
10. **Possible upgrade or downgrade of accommodation at Tufi Dive Resort.** The resort is small and sometimes the "standard" accommodation specified in the tour inclusions above may not be available for the dates you wish to book. In this case we will discuss with you the option of upgrading to a deluxe or family bungalow, or downgrading to backpacker accommodation.
